

Agrimatics products that have been purchased online through **agrimatics.com** and fulfilled through a dealership are subject to the dealership's individual return policy. Agrimatics has the ability to initiate refunds prior to the order being shipped. After the order has been shipped to the dealership, the return is handled through the dealership.

Customers have 30 days to return any purchases made online on agrimatics.com. The product(s) must be unused, in the original packaging, and must be brought to or shipped back to the original purchase location at the customer's expense.

Refunds are processed by the dealer and are credited to the credit card used when purchasing the order. The refund will total the full purchase price of the items returned plus any sales tax charged for the items. Refunds may take up to 5-7 business days to process.
